

# CLASS OF 2020

## Graduation Ceremony

UHS has filmed the graduation with a multiple camera professional shoot. All of the graduates will be announced and the commencement speeches are recorded. We all know that is not a satisfying substitute for a live event, but we are trying to make it as memorable as we can, given the circumstances. In addition, we are hoping to have a senior live event during the summer or maybe for the homecoming weekend, if we are able. We will let you know.

### For graduation, this is what we will do:

- **June 4 at 5:00 PM**, we encourage graduates and their families to go outside and make some noise. Bang on pots and pans, use air horns, or make noise with whatever else you can find to celebrate the graduate.
- **At 5:15 PM**, the commencement recording will be released. The link will be sent between now and June 4 and will be on the UHS website.
- We encourage families to Zoom or Google Meet with family and friends that cannot be present.
